

Ansley Communications Group announces addition of Customer Advocate Position!

Dear Valued Customer:

As one of our premier customers, I wanted to inform you that Ansley Communications has created a new position to provide you with an even greater level of service. We've appointed Tom Hand to Customer Advocate. Tom comes to Ansley with an extensive background in the telecommunications industry.

Tom was previously a National Account Manager with AT&T's Global Business Markets organization as well as a Global Account Manager with Lucent Technologies. Having serviced Fortune 100 accounts in Georgia, he is fully aware of the many challenges facing customers in today's complex world of information technology. Tom brings a wealth of knowledge to the Ansley organization that will be of great benefit to your business.

Tom is dedicated to providing you with the unsurpassed service for which we are known. As you're probably aware, telecommunications is an ever-changing industry with new technology being developed on a regular basis. Tom's objective is to keep you informed of these new solutions and assist you in all of your communications needs.

Tom will be contacting you in the next several weeks to begin the process to help you achieve increased profitability and a competitive advantage. As you know, Ansley Communications is more than just a premise equipment provider. Ansley offers many products and services tailor made for businesses ranging from security services to web conferencing to GPS offerings for fleet management. Additionally, Ansley offers a Technology Assurance Program known as CTAP enabling us to purchase your existing phone system for cash. In turn Ansley Communications will provide you with a full service managed information system that we can keep current throughout the life of your company. This offering includes your computer technologies as well.

So as you can see we are very excited to announce the addition of the Customer Advocate position to our business. We look forward to working with you in the future to help you achieve your goals.

Sincerely,
Michael Foor
President

P.S. Have your connectivity bills available so that we can review them and begin saving you money!
